

30 April 2019

Dear Linfan,

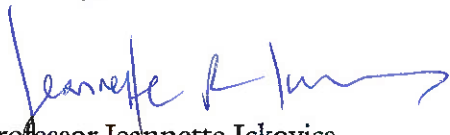

On behalf of the Yale-NUS Committee on Awards, Medals and Prizes, we are delighted to inform you that you have been awarded the Outstanding Capstone Project in Mathematical, Computational and Statistical Sciences for your project entitled *Algorithmic Solution of High Order Partial Differential Equations in Julia via the Fokas Transform Method*. The Prize is given to recognise students who have produced a capstone project of exceptional quality in the areas of academic rigour and originality, and which makes a contribution to the field of Mathematical, Computational and Statistical Sciences.

The Prize includes a monetary award of SGD 500.00, and you will be acknowledged at the Yale-NUS Graduation Ceremony on 13 May 2019. More information on the ceremony, certificate and cash prize will follow.

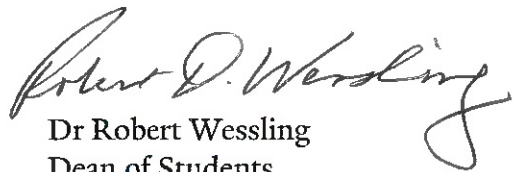

If you have any questions, do not hesitate to contact Diana Bain via email to [diana.bain@yale-nus.edu.sg](mailto:diana.bain@yale-nus.edu.sg).

Congratulations on your exemplary work and we wish you all the very best in the future.

Sincerely,

Professor Jeannette Ickovics  
Dean of Faculty

Dr Robert Wessling  
Dean of Students
